

2019 The Biggest World Lesson

[Pictures of The Biggest World Lesson]

In 2019, We joined The Biggest World Lesson and through various activities, learned issues of educational inequality.

Student's impression

I think people's degree of recognition of world's issues are still low.

I want to do more action as make people's degree of recognition improve.

I want to feed the information about world issue to have many people know it.

Please use the tax to developing country's teacher.

I want to increase the fund of GPE and use to education.

Why don't you accept abroad people and to learn agriculture in underpopulated area.

I think it is good that to put the collection boxes anywhere to activation about fund-raising activities.
