

# Multilingual Course Experience

February 17<sup>th</sup>

The Hippo Family Club came to Kita High School, and we experienced a multilingual course.  
This is the new elective course to be offered next year.

## Student Impressions

- I was surprised that the Hippo Family Club's members could speak a lot of languages.
- I could learn new languages from my classmates for the first time.
- I noticed that, in fact, it was the effort one makes oneself to learn language naturally.
